

Bethany Birches Camp Agency, Church and School Group Rates

If you send a number of campers you can save. The more you send, the more you save. You will need to pay a \$50 deposit (subtracted from total owed) for each registration and then you will be billed at the end of the summer. If a family will pay their own way but are coming by your referral, let us know that and we will give them the price we are extending to you should you send six or more campers (you must notify us and so must they, that they are part of your group).

Published Rate for 1 week, 2010 \$250

Pricing For Multiple Campers
